

## 2005 Underbody Elastil Spray, Over paintable Underbody Protection

Ver.: 2020-1

### Description

Fast drying, over paintable, underbody protection that ensures excellent and durable protection against corrosion, stone chip, salt, etc. Strong adhesion on raw or painted metal, plastic materials or old underbody protection.

### Features & benefits

- Strong adhesion on raw or painted metal, plastic materials or old underbody protection.
- long lasting and elastic
- Builds protective film against stone chips, salt, noise etc.
- regulation of structure by pressure and distance
- Fast drying.

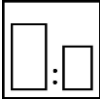

### Substrate preparation

Surfaces to be treated must be clean, dry, rust-free and grease-free.

Avoid application on brake or exhaust system.

It is recommended to use appropriate primer (epoxy, etch, etc.) to optimize corrosion protection.
