

Description

Antidust is a transparent, colorless, adhesive, waterbased coating for spray booth applications. It forms a protective layer on application, which binds all the dust and dirt particles and overspray. Antidust is biodegradable. It can be used on all non-porous cabin walls.

Antidust binds overspray, dust and dirt while optimally protecting the cabin walls and existing lighting systems from contamination.

Features

- Physical state: liquid
- Packaging: canister
- Colour: colourless
- Smell: fresh
- Specific weight: 1,08 -1,1 kg/L
- Applied quantity: 1 L per 15 m²
- Solubility: well soluble in cold and hot water

Application

PREPARATION - Clean, dry and degrease cabin walls.

APPLICATION – The product is ready to use. Free from organic solvents, easy to apply with brush, paint roller or spray gun.

REMOVE – Antidust should be removed with a sponge and water or high pressure hose after 4-6 weeks.

STORAGE – Antidust is sensitive to frost. Shelf life is 12 onths at 18-20°C in closed original container.

Additional Information

FOR PROFESSIONAL USE ONLY!

Always read the instructions.

IMPORTANT: This product contains hazardous substances at work so it is necessary to always use/wear appropriate protective equipment.
